AMERICAN PACKERS DOING BETTER

American packers are doing far more than merely furnishing meat foods to the soldiers and sailors of the United States and her allies, according to C. S. Churchill, advisory superintendent for Swift & Company, who addressed the American Meat Packers' convention Monday.

"The general public realizes little of the work that the packer is doing to win the war," said Mr. Churchill. "We are furnishing a great deal of material for the manufacture of munitions, including glycerine, potash and sulphuric acid. Our sheep skins are used to manufacture cold-proof coats.

"Every pound of wool that we have taken by the Government as fast as we produce it, and the price is fixed by the Government. There isn't a pound of stock food manufactured today that it not being used to help win the war, because it goes to put weight on live stock that is badly needed by our soldiers and sailors.

The tons of fertilizer which we manufacture aid in growing more crops that will be used later to feed more soldiers to fight the hun. Glue has its uses. Soap certainly is a big item. Albumen is another highly important product. It is now used in the construction of aeroplanes. There are also many other products, too numerous to mention, not one of which, I believe, does not have an important place in the conduct of the war. We, of Swift & Company, believe in giving credit where credit is due and I want to say that our labor has performed cheerfully the giant tasks set for us by the Food Administration. No order has been too big, no job too overwhelming for them. Recognition of this willingness to serve has resulted in an increase for male labor totaling more than 100 per cent since February, 1916. In the case of our female help the increase has been even greater, this help now receiving 165 per cent more than in 1916."

To take care of the war business, Mr. Churchill said that all the packers in the country had been forced to build new freezers and buildings of every description at a cost two to three times greater than pre-war cost.

He paid tribute to the government inspectors of the Bureau of Animal Industry and of the army who select the meat and said: "In addition to the safeguard that this is to the soldier and sailor, it is a safeguard to us. It safeguards us from attack from those who from their own personal aggrandizement or for other reasons may seek to criticize unjustly one of the few industries that in the early days of the war, and up to the present time, has continued to supply our Government with what it wanted, as it wanted it, when it was needed, without quibble as to price."

Mrs. Katherine Conn Tinsley left Thursday for New York City after several weeks' visit to her parents, Mr. and Mrs. J. A. Conn.

Mr. and Mrs. S. S. Yantis and Mrs. Jessie Dudderar returned to their home in Indianapolis after a visit to friends and relatives here.

SUMMING UP THE EVIDENCE**Many Stanford People Have Been Called As Witnesses.**

Week after week has been published the testimony of Stanford people—kidney sufferers—backbone victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have used Doan's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere. 30,000 American men and women are publicly recommending Doan's—always in the home papers. Isn't it a wonderful convincing mass of proof? If you are a sufferer your verdict must be "Try Doan's first."

Here's one more Stanford case. W. P. Buchanan, produce dealer, Lancaster St., says: "A few years ago I suffered with a pain across my back that hurt so I could hardly do anything. If I stooped or lifted anything I had a sharp catch across my kidneys. The action of my kidneys was irregular too. Doan's Kidney Pills, which I bought at Penny's Drug Store soon fixed me up in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Buchanan had. Foster-Milliron Co., Mfrs., Buffalo, N. Y.

In 1913 the total value of dyes manufactured in the United States was \$2,000,000; in 1917 dyes worth \$69,000,000 were made in this country; it is estimated that the total will be swelled to \$100,000,000 in 1918, and that \$20,000,000 worth of American-made dyes will be exported to supply the demands in other nations that were once forced to depend exclusively upon Germany.

In an appeal to the people not to let victories on the battlefield and peace overtures from the enemy interfere with the Fourth Liberty Loan, Secretary McAdoo said "our boys in the trenches are not going to stop fighting because the enemy is on the run. Now is the time to fight harder and keep moving until the victory is clinched."

Stopped Her Baby's Cough
No remedy is better known than Foley's Honey and Tar for giving quick relief from coughs, colds and grippe. Mrs. W. M. Stevens, Vivian, W. Va., writes: "My baby had a terrible cough and nothing did him any good. I read about Foley's Honey and Tar, the first dose helped him and in two days the cough stopped." Sold everywhere.

Miss Marie Ballard did not accept a position as one of our teachers. Miss Lucy Francis will take the place of Mrs. B. R. Montgomery, who kindly taught for one month, till teacher for the fifth and sixth grades could be secured.

James Maret, an old school mate of the writer, made a flying visit to Paint Lick Saturday. They went to his old home near here, the changes were so many it made him almost heartbroken to see the changes that have taken place in fifty years. James is now living in Winchester and is connected with the Dixie High-way.

SUMMING UP THE EVIDENCE**Many Stanford People Have Been Called As Witnesses.**

There is not a single valid reason presented by the republican nominee for the Senate and his supporters for his election. The only excuse for his candidacy is that he wants the office and they want a republican victory. They do not pretend that he is as well equipped for the office as Gov. Stanley, nor that he could do more toward winning the war, if elected, than he. If the republican nominees were equally as capable as the Governor, he would take at least two years to acquaint himself with legislation and begin at the bottom, whereas the Governor, with his 12 years of congressional experience may at once become a power in the body. If Bruner were 10 times as competent, there would still be no reason to have a republiken succeed Senator James and all things considered it would be a national calamity for him to do so. Stamp under the rooster and help send a real friend to support the President.

Coughed So He Couldn't Sleep

Bronchial coughs, tickling in throat and asthmatic spasms break one's rest and weaken one so that the system is run-down and serious sickness may result.

Endul Hamilton, Poole, Ind., writes: "I had a severe cold and coughed continually at night could hardly sleep. Foley's Honey and Tar cured my cough."

Sentiment throughout France demands that reprisals be taken for destruction of houses, towns, churches, works of art and property by the Germans; not by the destruction of town for town, but by making the Germans replace with gold and labor each article destroyed.

The executive committee of the Kentucky Equal Rights Association sent a telegram of thanks to Senator Martin for his vote in favor of the suffrage amendment, and a telegram of protest to Senator Beckman, urging that he change his vote when the measure next comes up.

THE MICHIGAN SENATORSHIP

Henry Ford, one of the richest men in the United States, has been nominated by the democratic party in Michigan for the office of United States Senator, and relative to that nomination Mr. Ford says: "Not one dollar was expended by me or in my behalf for the nomination, and I will not expend a penny to be elected."

These words must sound strangely in the ears of the people of Michigan. For many years money has counted for more than anything in the politics of that State. In the recent republican primary in that State Mr. Trueberry, who will oppose Mr. Ford at the polls as the republican candidate, spent, according to his own affidavit, \$176,000 to get the nomination. Mr. Ford is a much richer man than Mr. Trueberry, but he did not spend anything to get the nomination, and will not spend anything to get elected. If money is to carry the Michigan election Mr. Ford will not be elected, although he could spend four to five times as much as his opponent and not miss the money.

The Michigan election promises to be very interesting from many standpoints. The State is normally republican by a healthy majority, and this gives Mr. Trueberry the advantage. But our guess is that Mr. Ford has a good chance to be elected. The republican party in Michigan is in the hands of the Old Guard, but all over the Central West and West are republicans who much prefer President Wilson's policies to those of the Old Guard.—Louisville Post.

The central powers are said to be anxious to talk peace and ask a cessation of hostilities while doing so, but this Government can not and should not accept anything but their absolute and unconditional surrender on the terms laid down by President Wilson. Nothing short of them will satisfy the country and no attention should be paid to them until they are willing to let the Allies make all the terms. The object of the peace offensive seems to be for two reasons—to give the powers time to recuperate and to make the Liberty Loan less spontaneous. The war will not end till the kaiser abdicates and capitulates, so continue to subscribe to the bonds to the limit of your capacity.

A PATRIOTIC DUTY
A patriotic duty, which should be a pleasure and a privilege is to buy Liberty Bonds and vote the democratic ticket. The kaiser has in strong probability made his peace offer at this time to detract from the interest in the purchase of the bonds and President Wilson says he needs the support of his real friends to prosecute the war to a victorious conclusion. Even if the war were to end today, every cent of the loan would be necessary to bring the soldiers home and put affairs back to the normal. Buy bonds and stamp under the rooster.

The Germans have rushed in fresh troops to stem the American advance in the sector between the Argonne and the Meuse, indicating a determination to hold the line in that section at all costs. The American advance has been slowed up somewhat by numerous machine gun nests. The foe has been shelling American positions heavily.

Do you get up at night? Sanol is surely the best for all kidney or bladder troubles. Sanol gives relief in 24 hours from all backache and bladder troubles. Sanol is a guaranteed remedy. 50c and \$1.00 a bottle at the drug store.

Warning against undue optimism of an early end of the war, Maj. Gen. Sir Frederick B. Maurice, the noted British military expert, says that victory on the western front is certain, but that there should be no slackening of efforts when the foe shows signs of grogginess. That is the time, he says, for still heavier blows.

The five civilized tribes of Indians will subscribe \$2,600,000 to the Fourth Liberty Loan, it is announced by Superintendent Gabe E. Parker.

Why Take Calomel?

Dr. Thacher's Liver & Blood Syrup will do all that calomel will do and without the "after effects."

Years ago, when people were bilious, when the liver got lazy and failed to do its work or the stomach was out of condition, calomel was the standby.

By and by the people of calomel found that the "after effects" of taking the drug were not bad and more often worse than the ailment for which it was taken.

Dr. Thacher, in seeking a medicine to take the place of calomel—one that would do all the good that calomel would do, and yet leave none of its evil effects perfect Dr. Thacher's Liver & Blood Syrup. This was in 1852, and each year since has added to the confidence of those who have used it.

Miss Susie Brewer, of Chattanooga, Tenn., tried calomel. She was suffering with a very serious cold and grippe and had no appetite whatever. After the calomel failed she tried Dr. Thacher's Liver & Blood Syrup. She felt better after taking three doses and she soon got entirely well. "I think Dr. Thacher's Liver and Blood Syrup is a wonderful medicine," she said, "and I am very thankful I tried it."

For nearly three-quarters of a century this sterling preparation has been an old stand-by in thousands of homes in treating rheumatism, dyspepsia, indigestion and other stomach and liver complaints. It is a powerful tonic and blood purifier and can be used with the utmost confidence.

Write Thacher Medicine Co., Chattanooga, Tenn., for a copy of "Thacher's Family Doctor," a book giving cause, symptoms and treatment of 47 common diseases.

"A teaspoonful of Dr. Caldwell's Syrup Pepsin each night at bedtime has done me a world of good, as I am 62 years old and was getting badly constipated. I had previously taken a lot of salts and pills without real relief." (From a letter to Dr. Caldwell written by Mr. A. Forester, Princess Anne, Md.)

Constipation is one of the penalties of age that should never be neglected—Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that relieves constipation in an easy, natural manner, without griping or strain, and is as positive in its effect as it is mild and gentle in its action.

BAD COLD? HEADACHY AND NOSE STUFFED

"Pape's Cold Compound" ends colds and gripe in a few hours

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all grippe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

WENT TO THE LIMIT

After working three days with all energy, Miss Sallie Bogle, teacher of

Morell School house, succeeded in fulfilling the allotment assigned by the Winesburg organization, which was \$1,200 for the Fourth Liberty Loan Bonds. While making this sacrifice Miss Bogle found many who were willing to give, but was very sorry to say there were some who slacked, thought more of their comfort at home than for the boys who are so far away from home giving their all for our liberty. Miss Bogle, like many others, is always glad and willing to do all she can to help the boys who are so far away from their dear mothers. Those who subscribed were as follows: J. R. Morell \$100, Mrs. J. R. Morell \$50, Joe Wieland \$50, Ben Busse \$50, Henry Hall \$100, Ashford Sims \$50, Joe Busse \$100, Geo. Busse \$50, Frank Stephens \$500, Sallie Bogle \$100, Ed Padgett \$50. This is an excellent record according to the wealth of the district. If all other districts will go to the limit as we have, it certainly won't be long until our boys will get the kaiser's crown.

We thought it would come. The committee considering the war revenue bill will recommend a two cent tax on every bank check, a nuisance that the Spanish war provoked. The treasury officials oppose it on the grounds that it will encourage hoarding.

The President's last letter to the German Chancellor is sufficiently strong and pointedly explicit to suit even the fire-eating Col. Roosevelt, who rushes to the footlights, shouts off his hot pistol and demands the kaiser make unconditional surrender.

The President appeals to Kentucky to elect Gov. Stanley, a real friend, to give his administration direct and unflinching assistance and their reply will be, "We are coming, Father Woodrow, thirty thousand or more majority strong."

"What do you think of the army as far as you have gone?" inquired a sergeant of a newly-arrived recruit.

Do Your Feet Hurt?

THE INTERIOR JOURNAL

E. C. Walton and J. H. Wright
Entered at the post office at Stanford, Ky., as second class mail matter.

The government has already issued \$50,000,000,000 of insurance to its soldiers and sailors and the work goes steadily on. More than 90 per cent of all the men in actual service are insured and in addition there are family allotments and government allowances to dependents already aggregating more than \$140,000,000. These have greatly strengthened the morale of the fighting men and brought comfort and courage to their dependents. No government has done the part by its defenders that this country is doing and that's why she is getting such splendid service from them.

The effort of the republican senatorial nominee and his newspaper supporters to discredit Gov. Stanley for vetoing the bill prohibiting the teaching of German in the tax-supported schools, seems to have died in burning, since it was shown that the government schools all teach it and the War Department has announced its necessity. Other of the things relied on to beat Stanley are showing their futility and before the election the doctor won't have a leg to stand on.

Not much over half of the Liberty Loan has been subscribed and the drive is nearly over. The government needs the money most imperatively and offers the best of security and a good interest. No one should hesitate to invest to the extent of his ability to help with his dollars the boys who are offering their lives to put down the barbarity and cruelty of autocracy, especially when in doing so he helps himself with a first class investment.

A French doctor has isolated the microbe causing Spanish influenza, but says it is too small to be seen with a microscope. It may be little but it is very loud and more to be dreaded than any with banners. Besides carrying sickness and death in its wake it has closed up all public gathering places and even denied the people the consolation of meeting in their houses of worship and praying for relief and succor.

The Woman's Club of Stanford is due a vote of thanks for its work in the sale of Liberty Loan Bonds. Its members worked like Trojans and accomplished a great deal. Always on the right side and ready to help in any good cause, the Woman's Club is one of Stanford's biggest and best assets. May it live long and grow stronger as the days go by.

It was reserved for the Louisville Herald to sing the only discordant note. It says that the president's last communication to Germany is too verbose and not explicit enough. May he, but how did the writer of the long and tiresome editorials in that paper ever discover it? If he knows better he certainly owes it to his readers to do better.

The final returns show that 12,778,758 men registered in the extended draft, just 187,830 more than the estimate made by Provost Marshal Crowder's office, which is pretty close considering everything. This shows a total of 23,856,021 registered men, a sufficient number to thresh the rest of the world.

The Latonia races have been postponed for the third time and now until the 24th on account of the influenza. As this is not an essential industry and tends to gambling and keeps the followers from useful work, why not adjourn all racing till the end of the war?

We thought it would come. The committee considering the war revenue bill will recommend a two cent tax on every bank check, a nuisance that the Spanish war provoked. The treasury officials oppose it on the grounds that it will encourage hoarding.

The President's last letter to the German Chancellor is sufficiently strong and pointedly explicit to suit even the fire-eating Col. Roosevelt, who rushes to the footlights, shouts off his hot pistol and demands the kaiser make unconditional surrender.

**FEW CENTS DESTROYS
YOUR DANDRUFF AND
STOPS FALLING HAIR**

Save your hair! Make it thick, wavy and beautiful—try this!

Thin, brittle, colorless and serraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a scaly and itching of the scalp, which if not remedied causes the hair roots to break, loosen and die. The hair falls out fast. A little oil, however, tonight—now any time—will surely save your hair.

Get a small bottle of Knownby's Danderine from any drug store or tole counter, and after the first application your hair will take on that luster and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair new hair growing all over the scalp.

Only One Corn Peeler, "Gets-It"

Stop Corn Pains; See Corn Peel Off.

It is just when a corn hurts that you want to feel sure about getting rid of it. Why take chances of keeping the corn and having the pain grow worse? You'll use "Gets-It".

The Only Peel Off Way Is "Gets-It."

It's anyhow sooner or later; might as well be now that you can remove it from your toe so that you can peel the whole thing off painlessly with your fingers, in one complete piece—just like peeling a banana. Besides, it costs only two to forty cents. There's no fiddling or buttering. Corn-pains will vanish—just like "Gets-It" does the rest. Nothing new for corns has been discovered since "Gets-It" was invented. Follow the judgment of the millions: use "Gets-It" and be sure to be corn and pain free! You'll say it's magic. "Gets-It," the guaranteed, money-back, corn-remover, the only sure way, comes in a trial-size box. MFD by E. Lawrence & Co., Chicago, Ill.

DON'T LESSEN YOUR ENERGY

To all Liberty Loan Speakers in the Lexington Area: I quote the following telegram received by Mr. Works, director of the speakers' bureau at Cleveland, from the Treasury Department:

"The Secretary of the Treasury desires to have it brought to the attention of every Liberty Loan speaker that the most serious factor operating against the success of the Fourth Liberty Loan is the feeling which is prevalent in some communities that the glorious news from the front reflects a military situation which warrants a slackening of our efforts here at home. . . . nothing could be further from the truth and no more insidious propaganda than this could be circulated by the enemy."

"The time is ripe for the final stroke which shall lead to complete victory and enduring peace, but the stroke can not be delivered in a day or week. Germany is not yet crushed. She has millions of strong fighting men still left on the battle lines and with invasion of their own territory facing them they will fight even more desperately than heretofore. The strength of our military efforts must be multiplied. Our fighting forces must have behind them the steady support of the American people. The supply of American arms and munitions must not be interrupted or diminished. Now is the time for speed. Speed and the maximum of force at the present time mean an earlier return of our boys from the bloody battle field, mean the saving of American lives and the winning of a glorious and conclusive victory. The greatest danger that has ever confronted us is this insidious German peace propaganda. Remember that Russia was not conquered by the German army but by German propaganda, that Italy nearly suffered the same fate, that Germany has not won a single decisive victory by armies, but by her propaganda. Warn the people of this danger in every speech, and pass this warning along to every speaker whom you can reach whatever else is omitted from your speeches. Emphasize this with all your power."

J. R. BUSH,
Chairman of Speakers.

It has been suggested that the Evening Post give one reason a day why Mr. Swager Sherley should be reelected. It would be easy to give a dozen, but one overshadows all others. Mr. Sherley has at his command all the facts in regard to the great appropriations the government must make to carry on the war. The country can not spare his services and the people of Louisville will vote for Mr. Sherley this November, says the Louisville Post.

If the United States agrees to Germany's ultimatum for an armistice the war is lost, according to Senator Lodge, who gave his opinion in the form of an interview. Germany, by an armistice, he said, would have a chance to refresh her armies and plan a new war of conquest. Now that we are on the eve of victory, he declared, we should impose our own terms.

A Versailles dispatch says: Hundreds of guests, invited from Woodford county and throughout Central Kentucky, will assemble on the lawn of the Edwards residence, near Versailles, Wednesday night, for the wed-
ding of Miss Florence Cotton Edwards and Frank Bohannon, a young farmer. Prevented from holding the ceremony in the Christian church as Miss Edwards had planned, because of the influenza epidemic, the chancel, instead will be the front porch of the home, and the guests will occupy seats arranged on the lawn.

More than 500 persons are dead or missing and at least 12,000 have been made homeless by five fearful forest fires which have spread across Northern Wisconsin and Northern Minnesota during the past 36 hours. The towns of Cloquet, Brule, Trescott, Corona, Adolph, Thompson, Arnold, Moose Lake and Wright have been wiped out, according to refugees. Scores of hamlets and hundreds of settlers' homes have been destroyed. The property and timber loss, which will total many millions, will surpass that claimed by any of the historic fires which have swept this region.

Greatest Human Vitalizer

"During the winters of 1897 and 1898, I was so badly afflicted with catarrh of the head and thought I must surely die from it. I consulted many doctors and all other recommended remedies made known to me. I was induced to use Peruna. I was cured entirely by using twelve bottles of Peruna and one bottle of Manzanita.

Since that time, I have never been without Peruna. I use it for colds and as a general tonic during spring and fall months and find it the greatest human vitalizer."
